Hi guys,

This is a video of one of our Milsim games, it was held at lightfighter Airsoft in sheffield and organised by Stirling Airsoft. Who put on real Milsim airsoft games as well as organising paintball games for us here at Milsimcombat. They can be found at www.stirlingairsoft.com.

As you can see from the video, we have taken paintball up a notch to proper Milsim missions. Have a look around the site for more info regarding the games.
